Maybe even better than free.

Just upload the file you want to share with your friends and we send you a download link to your file. filehosting provides an easy possibility for you to send large files to your friends. You decide who you want to share your files with. Simply upload your file and share the link. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Keep your files private, or send your download links only to friends or family.Unfortunately, we can't make that part free. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from ourservers to your

friends device. It is also allowed to link to the download page from websites and communities. You don't need any special software installed tobe able to download your files. There are no restrictions on the number of times a file can be downloaded. When you use file, you avoid storing the file you'resending in your cloud storage or mail server. So try our free and simple filehosting service now. Why pay storage fees for a file that you just wanted to send to afriend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. The cost of that data transfer is coveredby your internet service or the data plan on your phone. You can upload any type of file (movies, music, documents, images, zip files and more). We have nofile size limit. You can give this download link to your friends by mail or instant messenger. Files can be downloaded from any computer from our high speedservers. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Our service iscompletely free for everyone. Using file, you can circumvent those limits without paying to upgrade your team chat service. No account or credit card isrequired to get started. Any file in any format can be uploaded and downloaded for free. File is free to use with no gotchas and no hidden fees. If only we could, we surely would! On the other hand, using file can actually save you money.
