Alternatively, choose a bare bulb without housing if you already have experience with replacing bare bulbs and are willing to deal with the more challenging replacement process. If you do not want to compromise on projection quality and reliability, choose an original manufacturer lamp. If you prefer a cheaper option and projection quality and reliability are not your top priority, buy a generic lamp. A suitable compromise is the original bulb inside option. It provides the same projection quality as an original manufacturer lamp, yet for a better price. You can choose from 3 lamp options original, hybrid or generic. This option is recommended for its maximum reliability and easy replacement process. This is a very reliable solution and is cheaper than the original manufacturer option. We recommend it thank to its reliability and affordable price. It is a cheaper solution recommended for inhome use, where projection quality and reliability are not as crucial. Even though generic lamps are not necessarily of the same quality as original manufacturer lamps, their price is nevertheless very attractive. You can choose from two options of this bare lamp original or generic. This solution is cheaper than a lamp with housing, although it requires a certain amount of manual skills. This option is recommended for customers who already have some experience with bare bulb replacement.

Keep in mind that replacing the bulb in the housing requires manual skills and tools. It is the cheapest option which we recommend for inhome use, where projection quality and reliability are not as crucial. Even though generic bulbs are not necessarily of the same quality as original manufacturer bulbs, their price nevertheless is very attractive. They differ mainly in price, difficulty of replacement and reliability. Our offer is made up of original as well as compatible and hybrid projector lamps. Compatible projector lamps are manufactured by a different producer than the original manufacturer lamps; nevertheless, their quality and reliability is still decent.

The major advantage of these lamps is their low price. We also sell bare bulbs without housing without the bulb mounting cage. Please take a look at our more detailed overview of lamp types in order to choose the best option. Shall I buy a module lamp or bare bulb. We offer 3M projector lamps both with module lamps and without the housing bare bulbs. When purchasing a bare bulb, you will use the lamp module already in your projector and will take the old bulb out and then will replace it with a new one. If you decide to buy a module lamp with housing, it can be replaced in just a few steps and thus is quite simple. For more information please take a look at our instructions for replacing a projector lamp. How can I save money when purchasing a projector lamp. When it comes to the importance of price, we offer several different projector lamp options. Projector lamps without housing represent the least expensive option. Another cheaper possibility is to buy lamps with compatible bulbs instead of original manufacturer lamps. Original module lamps in generic housing, as well as the alternatives from Diamond Lamps co. Which types of 3M projector lamps are reliable. All projector lamps that we offer are highly reliable. However, in order to get the best quality, we recommend buying either original projector lamps both with and without housing or original projector lamps in generic housing or Diamond lamps. We purchased new machines but the manufacturer could not provide toner to use the new machines even though we had purchased them at the same time. The toner was on backorder from the manufacturer. John was able to help us locate toner for all of our machines without any delay. He was able to get toner that even the manufacturer had on back order. He is professional and has excellent customer service. I highly recommend contacting John for all supply needs. We were very pleased with your help and hope to continue using you for all our printer, cartridges, etc needs. You are what they call "the Bomb!" Late Friday, my yellow print cartridge went bad and basically I was out of business. Found this business on the internet, called and got it shipped the same day and arrived at my door by 1000 am Saturday. Since local office supply stores do not carry what I need, this was really a blessing. He was great I have ordered from him many, many times. I wouldn't think of going elsewhere he gets what I need within 24 hours. And he sends me candy woo hoo. Love love love. Thank you Can't find too many companies that provide this kind of service anymore, thank you! I bought some toner for my printer and didn't know how to install it. So what does the owner John do. He drives to my place and helps me install it. Talk about amazing customer service. Can't find that just anywhere. Thank you for your exceptional customer service. I will be getting all my imaging supplies here! All rights reserved.
